Base	Tenside fluid
Appearance	white foam
pH-Value	9,5 - 10,5
VOC-Content	ca. 27% w/w
Relative density at 20°C	0,967 g/ml

AVAILABLE PACK SIZE, ARTICLE, LANGUAGES

400 ml 80001 DE/EN/FR/ES/RU/ZN/AR

APPLICATIONS

Air Conditioning

USAGE

The aerosol should have room temperature. Best processing temperature 5 to 30°C. Before use, shake the aerosol. Before treatment, switch off the engine and the electrical installations. Apply the foam to the condenser of the air conditioning by means of the enclosed adapter. Insert the adapter about 30 centimetres into the air inlet of the air conditioning and completely empty the can. The location of the air inlet differs per brand. After applying, do not switch on the engine or the electrical installation
